**InfiniTek Corporation Reaches the First Milestone Toward
Achieving the Certified for Microsoft Dynamics Accreditation**

ALTADENA, CALIFORNIA – October 28, 2009 InfiniTek Corporation announced today that its ScanDirect Plus™ product, an add-on to Microsoft Dynamics NAV, has passed the Software Solution Test for Microsoft Dynamics, which is a major Requirement for Certified for Microsoft Dynamics® status.

Certified for Microsoft Dynamics is Microsoft Corporation's highest standard for partner-developed software. This certification represents a significant step in elevating the standard for partner-developed software solutions for industry-specific business applications. Solutions with a successful software test have demonstrated development quality and compatibility with the Microsoft Dynamics product. VeriTest, a service of Lionbridge, performed independent and rigorous testing on the solution's integration with Microsoft Dynamics. InfiniTek Corporation is currently a Microsoft Certified Partner with the Microsoft Business Solutions competency, and soon to also achieve the Independent Software Vendor (ISV) competency.

“By requiring the software solution to meet our highest standards, Microsoft is assuring customers that these tested and certified solutions work with their investments in Microsoft Dynamics,” said Doug Kennedy, Vice President, Microsoft Dynamics Partners. “Microsoft congratulates InfiniTek Corporation on the software test results.”
