

Giving back to the community

Good food, good wine, good friends, GREAT music and a very good cause were celebrated on Friday night, September 25th by the **InfiniTek** group. **Wiens Winery**, Temecula, was gracious enough to donate their spacious outdoor Amphitheater with fantastic stage and sound system for a charity event to benefit **The Unforgettables Foundation** (see below).

These guys were hot!!

InfiniTek had reserved a table in the VIP section right in front of the stage. Two of the hottest bands from the “Rockabilly” movement had the place totally rocking (including **InfiniTek’s** chief Rocker, Mary Williams, CEO). Buzz Campbell, a popular lead guitarist/singer opened the program with his group, “**Hot Rod Lincoln**” presenting a medley from different genres. Then the legendary Lee Rocker formerly from “**Stray Cats**” took over and kicked everything up a notch. At his side on slide-guitar and vocals was the equally legendary veteran, Brophy Dale.

The concert was held to benefit a worthy charity, **The Unforgettables Foundation**, founded by Timothy Evans in 1999. Since its inception, the **Unforgettables** has helped over 2,000 families in over 60 cities throughout Southern California. The mission of this organization is to assist families with limited means obtain a dignified funeral when the death of a child occurs. Accompanying the burial is a community education program to demonstrate how to properly memorialize the departed young person. The **Unforgettables** is run 99% by volunteers. For more information see www.theunforgettables.com.
