InfiniTek Authorized to Sell Business Management Solution

(Riverside, California) – InfiniTek Corporation today announced that it has become a certified Navision Solution Center, a dedicated sales, training and service organization that assists local companies in automating their accounting and business management processes. As a Navision Solution Center, locally-owned InfiniTek provides a fully-trained team of business, computer and software professionals dedicated to helping maximize the efficiency and profitability of the customer's business through use of Navision Financials, a leading business management solution for mid-sized companies.

"InfiniTek has proven that it is capable of providing the quality implementation and support service expected by Navision customers," said Randy Keith, President of Navision Software US, Inc. "InfiniTek's commitment to becoming a certified Navision Solution Center will be reflected in their service to our customers."

InfiniTek Corporation was established in 1986 and specializes in providing Information Technology solutions and services to small to medium sized businesses. They are staffed by professional consultants, business analysts, accountants, and application developers. Although InfiniTek has represented several other mid-market accounting software products, they have selected Navision as their flagship offering. Jim Reed, InfiniTek's General Manager, states, "Unparalleled customer service and satisfaction has always been our #1 priority. The solutions we recommend to our clients represent our ongoing commitment toward this end."

InfiniTek has significant expertise in designing, implementing, and supporting business management and information systems software for the entertainment, service, wholesale and distribution industries. Mary Williams, who heads up the company's Financial Consulting Services division, states, "We have more than 50 years of collective project management and software development experience for companies such as the Los

InfiniTek Becomes Authorized Navision Solution Center/2

Angeles Philharmonic, City of Los Angeles, Microsoft Corporation, Columbia Pictures, Paramount Pictures, Warner Brothers, and Coca-Cola Company. Whether the client is large or small, we provide each of them worldclass service. Our clients have told us over and over, ‘What we like most about doing business with InfiniTek and their staff is that ‘they care’.’”

What distinguishes InfiniTek from other Navision Solution Centers is they also provide the hardware systems and connectivity products that will ensure a seamless system integration, as well as optimal performance of the customer’s business management software. InfiniTek is a premier value-added partner of Compaq, IBM, Citrix Systems, Cisco, and Microsoft. The company is able to provide end-to-end systems integration and support.

According to Larry Pendleton, an InfiniTek executive, “We are uniquely qualified to serve our customers because we first understand their business needs and requirements before we recommend they purchase anything. Our entire organization is committed to getting to know the customer first and then developing a partnering relationship of confidence and trust. It is these principles upon which our company was founded and is the basis for our continued growth and success.”

Navision is a full-featured business software solution – that is fully-integrated and multi-user -- with built-in, easy-to-use customization tools that allow businesses to adapt the system for use in their specific company. For companies looking for a very competitively priced ERP solution with e-commerce capabilities, Navision Software is the right choice.

InfiniTek will serve business clients in the counties of Riverside, San Bernardino, Orange, and Los Angeles. For more information, call 800-827-7227 or visit us at <http://www.infinitек-us.com>.

Navision Software US, Inc. is headquartered near Atlanta, Georgia, and their web site is at <http://www.navision-us.com>.
